

Askari Safari- Great Trek Safari

Askari safari offers you a chance to step back into yesteryear!

Have you ever imagined what old world explorers had to face traversing the Dark Continent? Well we have a treat for those bold enough to want to emulate those daring adventurers.....with a few modern creature comforts thrown in.

Join expert professional guides as they lead these unique safari adventures, learn how to navigate, with both modern devices and the old, learn how to track and read the multitude of signs that nature leaves us as we walk through the untamed African veld.

The safari is a point to point walk, taking place over 10 nights you make your way from the top of the Zambezi escarpment and walk to the Zambezi River, as the crow flies approx. 40miles. You sleep rough every other night with sleeping bag and roll matt and mosquito net all that will separate you from the wild. You will have along with you one of Zimbabwe's top guides, (all former game rangers and soldiers who lead your trip) as well as expert African trackers, game rangers and porters to carry additional supplies. On the nights you are not sleeping rough you will stay at five star safari camps, hot showers, three course meals and all the comforts of home. Ever wondered what it would be like to 'survive in the wild' we will make this an educational experience you will never forget.

Can you imagine the feeling of achievement when you finally walk around a bush and see the Zambezi River for the first time! You will be one of the very few to have made such an epic journey!

These trips take a lot of preparation and planning so are required to be booked at least two years in advance. The cost of the trip is \$10,000 per person (sharing a tent when in a camp) and includes, all fees and parks licenses, staff, food and drink and blisters thrown in free of charge!
